Federal Communications Commission

Dear Sir:

I am concerned that the Commission may weaken the Broadcast Ownership Rules. At the present Time it is extremely difficult to find a media source that reports objectively on issues. The vast majority of media reporting, both written and spoken, clearly is slanted to promote the agenda of the media ownership and staff. It would be a great mistake to allow even more control to be placed in the hands of even fewer people and organizations.

Please do not allow this to happen. The media need more diversity, not less.

Thank you

Dear Mr. Martin:

I urge you not to relax the broadcast ownership rules that protect American citizens from media monopolies.

These proposed changes would pave the way for giant media conglomerates to gain near-total control of radio and television news and information in communities across our nation. And many of the corporations that are now lobbying the FCC to relax these ownership rules already have a known track record in attempting to keep opposing viewpoints off the air.

The American people deserve to hear more than one point of view on important issues. Therefore, for the sake of our democracy and our freedom, I urge you to continue the broadcast ownership protections that, for decades, have helped to ensure a healthy political debate in our country.

Sincerely,

Mr. David L. Carlson
